

Verse & Chorus: G, D, Em, C

Bridge: Em, C, D, Em, C, Cm

ELECTRICAL STORM

I have a theory/Whenever you come around
And when you're near me/I think my whole world stops
Trust me/It's like a fire that burns
And then you've got me/I think my whole world stops

My mama told me not to fall in love with you
Usually she's on it, usually she's got it
My daddy says I have to learn a thing or two
Usually he's right but I just feel like

chorus

You're an electrical storm/Blowing up my mind
Got my fuse rewired/You're an electrical storm
Make my heart burn brighter/The sparks are flying
I'm waiting for you baby, make your contact
I don't know what it is that makes me feel like that
You're an electrical storm

It's not a secret/That I'm checking you out
I know you're worth it/You make my heartbeat stop
Trust me/You're undeniably cool
You short circuit/And make my heartbeat stop

My best friend says you're a phase but
I don't think she knows, let's see how it goes
Cause if you're trouble boy I wanna taste it
Couldn't this be right, cause I just feel like

bridge

Shoot shoot me down/Put your finger on the trigger
Everybody's looking so what?/But you figured me out
From the left to the right/Everybody's looking so what?
Who am I, who are you, wondering/How you figured me out?
