## **RENEGADE**

Past life, past times, did you think we'd meet again? / Under cover, do I know now  
what I knew then? / Cause it's not easy, everything's so different / But you won't  
phase me

Distant shadows, do you know I've seen your face? / You had shelter as I stood  
outside the gates / Everybody wants a piece of something good / But you won't  
take me

### **chorus**

And you can run like a renegade it's all right / I ain't coming back for more / And  
your blood flows like a renegade, it's all right / Cuz I can take you down for sure /  
And your heart beats like a renegade, it's all right / Isn't that what you came here  
for? / Oh, a renegade, a renegade

Old loves, old friends, did you think we'd meet again? / Bitter sweetness, cause I  
held you in my hands / What is the difference, does it matter when or how? / If  
you don't know me now

### **bridge**

Cuz it's the simple ways to make it hurt it's / Hard to speak but you're just not  
welcome / I took your falls, I did your work / Thank me now but you're just not  
welcome / You and I are done
